Timeless Furniture
from *Forever Forests*...

MADE TO INSPIRE

We are proud to bring the highest-quality sustainable wood furniture, inspired by indoor design, to your outdoors.

Being 'Made to Inspire' drives us to source, design, and craft sustainable wood outdoor furniture that creatively uses the world's best materials, in ways purpose-built to comfortably expand your home's footprint out of doors.

During our 'always on' design approach there is a collaborative process that connects our forestry operations in Bolivia, to our design teams in the United States and Europe. What excitingly new, yet pleasingly familiar, idea can we bring to the outdoor market that best accentuates the striking beauty of the sustainable materials we have to work with? Over the years we have innovated our designs and craftsmanship to meet with an ever-changing need while remaining, 'Made to Inspire'.

In the pursuit of our goal, it is imperative that we protect our forests using sustainable sourcing techniques ensuring the highest-quality natural materials are available for generations to come.

Our forests are living, breathing, places that inspire awe and require care. Our mission ensures their health for you, your children, and your children's children.

Jensen Outdoor maintains over 2 million FSC®-Certified acres of pristine dry-tropical forest in eastern Bolivia. Since 1995, we have been a sustainable leader in the outdoor furniture industry by receiving one of the first, and annually re-certified accreditations from the Forest Stewardship Council® (FSC®) for our small footprint harvesting techniques.

The gold standard in forestry certification, FSC® maintains strict environmental and social standards for responsible forest management and harvesting practices, only accrediting such organizations who share this dedication.

Today, the luxury wood furniture crafted by Jensen Outdoor exclusively features FSC®-Certified timbers. Ensuring our wood furniture directly preserves millions of acres of dry-tropical forests, along with the welfare of forest workers and their families, for generations to come.

TIMELESS TIMBERS' NATURAL BEAUTY:

How Ipe and Teak Age Gracefully.

Timber is nature's wallpaper. When left outdoors, wood furniture will age beautifully to a silver-patina. Whether you maintain the as-new finish or luxuriate in the weathered aesthetic is completely up to you.

Ipe, pronounced 'EE-Pay', is a Bolivian hardwood prized for durability through density; taking over 100 years of slow growth to achieve maturity.

New Ipe

Ipe timber exhibits a deep chocolate-brown grain when new that may be allowed to naturally age to a silver patina or be brought back to an 'as new' finish with our color-perfect Penofin® Verde stain.

Aged Ipe

Teak, sustainably farmed in Brazil and Costa Rica, has a high natural-oil content, withstanding outdoor weather with superb stability.

New Teak

Teak arrives naturally as a brilliant yellow wood and is sought after for the elegance of the soft silver-tone finish that it weathers to over time.

Aged Teak

The stain applied to Ipe and the oil inherent in Teak may leave a faint imprint on the back of cushions that rest on wood frames. Our cushions are designed for a perfect fit in a single orientation, meaning no transfer marks will be visible and can be treated to soften the appearance at any time. *See care guide, page 196.*

Sculpted Teak
and Wonderful Woven

SOLEO

THREE COLORWAYS OF INSPIRED ITALIAN DESIGN

New for the 2026 season, Soleo reimagines mid-century deep seating through sculptural teak and handwoven Solara fiber, designed for Jensen Outdoor by Edi & Paolo Ciani.

Soleo's iconic form channels the quiet sophistication of Italian design while delivering enduring performance outdoors.

It's three distinct woven colorways are Ivory, Tawny Brown, and Nebula Gray—each borrowing the colors of the other but repurposing them in a new orientation to give a punchy yet refined look no matter which you choose.

The result is a woven collection with uncommon versatility, crafted to inspire in any environment.

TEMPO

IN MARINE-GRADE ULTRALEATHER

Tempo is the award-winning Italian-designed, all-weather collection you can set and forget outside without the concern of moving your cushions whenever overcast skies turn to rain.

Offered in twelve colorways of Ultraleather® marine-grade animal-free leather, the frame is elegantly crafted from 100% FSC®-certified solid Ipe timber.

The deep, chocolate-brown color of Ipe wood can be enjoyed for generations or allowed to transform with sun and time into a silver patina that highlights its natural beauty.

Tempo embodies Italian elegance expressed in the soft curves of the seat being cradled by the firm lines of the Ipe wood frame. Additionally, the contrast-stitched seam adds a pop of interest to an already interesting collection.

INTERNATIONAL CASUAL FURNISHINGS ASSOCIATION
2023 ICFA DESIGN EXCELLENCE AWARDS

LOUNGE SEATING WITHOUT CUSHION DESIGN WINNER

Modernizing Classic
Ipe-Wood Designs

INNOVA

DELIGHTFULLY NEW, YET PLEASINGLY FAMILIAR.

Jensen Outdoor is proud to welcome you to the award-winning Innova collection of modernized classic Ipe-wood designs. Innova brings together the brightest design minds to answer the question:

"How can classic shapes
be reimagined for modern tastes?"

Our story begins with Trellis, the modern lounge chair by Edi & Paolo Ciani that earned the prestigious 2023 International Casual Furnishings Association Design Excellence Award in the lounge seating without cushion category. The Ciani studio continues its influence with Cradle, Enza, Whisper, and the new Sway Rocker, each expressing sculptural clarity through the warmth and permanence of Ipe.

Chris & Jon Panichella extend Innova's architectural language through the Harper and Aurora families—including dining armchairs, side chairs, benches, and now a counter-height Ipe side chair designed to introduce elevated comfort and a broader range of entertaining possibilities. Their Allure counter chair further expands the collection with a refined approach to slatted modernism.

Finally, the Melody 43" backless dining bench from the esteemed design house of John Caldwell merges geometry and comfort through floating seat panels that rise lightly above a strong sled-foot base—an elegant conclusion to a collection defined by thoughtful craft and enduring form.

Tantalizing Teak
and Woven Design

INCEPTION

INSPIRED BY MID-CENTURY, WOVEN FOR THIS CENTURY.

Elevate your outdoors with the Inception collection designed by the legendary John Caldwell for Jensen Outdoor.

Inception has FSC®-Certified, golden-blonde, Teak accents pairing with a magnificently mid-century bronze-hued woven frame.

Inspired by the indoor designs of the mid-century greats, Inception has a debonaire flair for comfort.

The woven frames defy expectation by appearing to "float" above the ground and the Teak arms and table tops are stunningly fluted to allow for maximum hand-feel during long lounging sessions.

ALAN MORLEY–BRIGHTON, ENGLAND

A New Approach
to Neoclassical

SORRENTO

TASTEFUL TEAK DEEP SEATING AND DINING

Sorrento, from English designer Alan Morley, takes a new approach to neoclassical with dining and deep seating in FSC®-Certified Teak.

Sorrento revives the timeless lines of the ancients with modern outdoor dining and deep seating. Scaled for king-size comfort, the Sorrento dining chair is a reinterpretation of the Greek "Klismos" chair favored by royalty for sumptuous events where elegance and comfort are required.

Sorrento deep seating reinterprets classical proportions in generous modular and traditional configurations suited for open-air living.

Sculptural FSC®-Certified Teak elements create a bold architectural presence, while light-yet-strong frames, plush cushions, and refined detailing deliver effortless luxury and inviting, palace-scale comfort.

FOUNDATIONS

PICK AND PAIR DINING & ACCESSORY TABLES

A growing table collection with new aluminum introductions for the 2026 season, Foundations is the essential dining and accessory tables collection from Jensen Outdoor.

Ready to pair with any furniture in Teak, Ipe, or Aluminum, Foundations continues the design legacy of Povl Eskildsen and John Caldwell, now expanded with new Mesa, Arc, and Sage pieces from Edi & Paolo Ciani.

The Sage Serving Buffet—winner of the 2025 Design Excellence Award for Complementary Casual Products – Furnishings—highlights the thoughtful innovation shaping this expanded collection.

Powder-coated aluminum in the new Mesa and Arc tables adds lightness and durability, while FSC®-Certified Teak and Ipe provide the familiar warmth and integrity that define Jensen Outdoor. The result is a versatile blend of strong, beautiful forms crafted to anchor outdoor spaces of every scale.

of Outdoor Living

VELO

SAY HELLO TO THE CROWD FAVORITE

Say hello to Velo the first introduction from Jensen Outdoor to solely leverage the wonderfully strong and light Solara fiber handwoven around a powder-coated aluminum frame and accented with cement table top surfaces for the accessory tables.

Delightfully designed to embrace your every whim, Velo offers an on-trend camel colorway that brings out the warmth of everyday use.

Surpass every expectation with the unmatched comfort of Velo, handwoven by the expert craftsmen at Jensen Outdoor. Serving sunsets with a handwoven twist, Velo envelops you in comfort with style.

Pair your camel-color weave with your choice of any Sunbrella® or Ultraleather® performance fabrics offered in Jensen's fabric book.

ALAN MORLEY–BRIGHTON, ENGLAND

A Mid-Century
Marvel in Teak

DANA

ELEGANTLY CRAFTED, ENDURINGLY COMFORTABLE.

Jensen Outdoor is proud to unveil the Dana dining arm chair, a masterful blend of mid-century Danish design and modern craftsmanship in FSC®-certified Teak wood.

"Reimagining mid-century grace,
with the majesty of Teak."

Designed by Alan Morley, the Dana collection pays homage to Danish classics, specifically inspired by the iconic "The Chair" by Hans Wegner. Dana captures the essence of that era's design - simple yet sophisticated, bold yet balanced.

At the heart of the design lies a contour-shaped back and arms, symbolic of speed and dynamism, joined to the tranquil stability of expertly turned legs with contrast-colored wedge biscuit joints.

The intricate arm post detailing exudes elegance, while the thatched woven seat crafted from natural colored Teslin cord offers unparalleled comfort and durability.

The Dana Teak Dining Arm Chair isn't just a piece of furniture; it's a tribute to the art of woodworking, an embodiment of design philosophy where form meets function in harmony. It's a chair that doesn't just sit in a space; it enlivens it, inviting admirers to experience a piece of history, redefined for contemporary living.

Embrace the Dana collection from Jensen Outdoor - where history's elegance meets today's luxury.

Pair Dana with our Foundations collection of Teakwood dining and accessory tables.

FREDERIC DOUGHTY–PHILADELPHIA

SAVANNAH

IN FSC®-CERTIFIED TEAK

The craftsman Savannah deep seating and dining collection is Jensen Outdoor's homage to modern Americana.

The seat frame is robustly crafted from 100% FSC®-Certified Teak timber and the outdoor cushions are enveloped in your choice of Sunbrella® or Ultraleather®.

Savannah offers durable comfort with understated lines reminiscent of middle-America. Feel the construction techniques of the craftsman movement with a pyramidal crown atop the arm rests that connects directly to the front leg of the chair. Additionally, the under-arm post is a design detail that will delight your hands during hours spent reminiscing with family and friends.

Pair Savannah seating with Foundations Teak dining and accessory tables.

DICK BJÖRK–SWEDEN

Traditional Design
at an Urban Scale

UNICON

URBAN COMFORT FOR TRADITIONAL TASTES.

Unicon brings traditional design to an urban scale easily able to fit on any porch or patio.

Designed by Swedish craftsman Dick Björk for Jensen Outdoor, Unicon boasts an FSC®-Certified deep chocolate-brown Ipe wood frame which cradles your choice of Sunbrella® or Ultraleather® fabrics wrapped around multi-layer performance cushions.

Alight on the set-it-and-forget-it comfort of the Unicon dining seating with Ipe frames married to a comfortably durable bronze colorway of handwoven Solara Fiber seat.

Take in the transitional fluted Ipe wood back frets of the sectional and deep seating frames paired with traditional arm-rest necks meant to give maximum hand-feel during use and potent eye-catching design when being viewed from afar.

COMES WITH FIRE TABLE LOGO COVER

The Look of Ipe Wood in a
Fire Table from Jensen Outdoor

GLOW

WOOD-LOOK UV PRINT CEMENT RESIN

The look of Ipe; In a fire table from Jensen Outdoor.

The Glow Fire Table revolutionizes the Jensen Outdoor table line by pairing the trusted outdoor performance of a propane-powered 40,000 BTU stainless steel burner with the timeless elegance of deep chocolate-brown Ipe wood look finish to match any Jensen Outdoor Ipe wood collection.

The UV printed cement resin finish is as durable as it is beautiful. Specified to last as long as your Ipe wood furniture, the UV printing process ensures the fine graining of Ipe wood is replicated on the mantel and sides of your fire table.

Light up the night with your commercial-grade, 40,000 BTU, propane burner made of non-combustable 304 stainless steel. The deep gray stainless steel burner cover lifts away for easy storage within the fire table, revealing dazzling amber fire glass.

Comes with a light-gray heavy duty, waterproof all-weather cover with tasteful Jensen Outdoor logo to protect your fire table when not in use.

Meeting the rigorous safety requirements to be CSA® Design Certified, Glow is equipped with a standard thermocouple safety system and hidden accessible control panel with electronic ignition.

Handwoven
Nostalgic Charm

VINTAGE

IN FSC®-CERTIFIED IPE

Reflecting a nostalgic charm reminiscent of days gone by, Vintage whisks you away to a gracious time of afternoon tea on the veranda and discreet romance on the front porch.

Vintage features a traditional woven design of environmentally-friendly Solara Fiber handwoven around a commercial-grade powder coated aluminum frame with deep chocolate brown accents of FSC®-Certified Ipe wood on the arm surfaces and feet.

EMBROIDERED SOLUTION-DYED ACRYLIC OUTDOOR PILLOWS

Plush, Choose-Your-Own-Style,
Performance Throw Pillows

PLUME

THE UNCOMMON THREAD TO UNFORGETTABLE GATHERINGS.

Jensen Outdoor's line of performance pillows features the finest materials, designs, hand-feel, and luxury comfort found in outdoor-grade pillows, now with your choice of design:

Plume (pictured here) — Jensen Outdoor's luxury pillow offering features industry-unique elements: embroidered designs, deluxe solution-dyed acrylic covers, PerformaPlush faux-down inserts, stylish flanged edges, and hidden-access zipper construction for unmatched outdoor style.

Hue — Jensen Outdoor's unique fabrics are fitted to PerformaPlush faux-down inserts with the perfect palette to match your Sunbrella® or Ultraleather® cushions. Hue offers easy-access zippers and your choice of unembellished or contrast-welt edging.

Whichever path you choose, Plume or Hue, take the finest in outdoor throw pillow construction and design with you to complete your outdoor oasis from Jensen Outdoor.

Both After Weathering

CARE TIPS

For Jensen Outdoor **Furniture**

Follow these easy care tips to keep your furniture in tip-top shape all year long.

Wood

Ipe and Teak are natural materials that when left alone outdoors will weather to a graceful silver-tone finish. The look and feel of wood is a key appeal to owning natural outdoor wood furniture. To keep yours looking it's best consider these easy care tips:

1. Apply **Wood Shield** to protect against water and food stains, then enjoy your set for the season.
2. As spills, dirt, or dust occur wash with a soft towel and mild dish soap, then rinse clean with water.
3. Teak is meant to be enjoyed with a well-aged silver-patina, as needed repeat steps 1 and 2.
4. Ipe may also be enjoyed with a silver-patina or may be restored to it's 'as new' color by cleaning and applying **Penofin® Verde** as directed.

Cushions

Sunbrella® performance fabrics are made with 100% solution-dyed acrylic to stay color-fast year after year. To keep your cushions in tip-top shape:

1. Apply **Fabric Protector** to cushions to make them stain and mold repellant.
2. It's recommended to place your cushions in a dry, covered space when not in use.
3. As spills, dirt, or dust occur wash with a bristle brush and mild dish soap, then rinse clean with water.

Weave

Handwoven Solara Fiber is made for outstanding durability. To maintain your woven surfaces:

1. To remove dust, simply clean with a bristle brush and lightly rinse with water as needed.

Never pressure wash your furniture as there is a high risk of damage to the finish. Always follow all directions as indicated on the care supply packaging.
